# A partnership built on excellence

“We have used Nurseplus for many years, and they provide us with support staff covering a variety of shifts: mornings, evenings, weekends and nights.

We rely on Nurseplus to cover shifts at times at very short notice as well as pre-booked shifts in advance. The support staff Nurseplus provide us with are vital to our service to ensure we can provide support to children and adults with complex needs and disabilities, without their support, at times we would be unable to staff shifts safely, resulting in cancelling families’ respite.

Cancellations have a massive negative impact on the families we support, but with Nurseplus support we can ensure we are delivering a safe and consistent service.”
